<u>2022 Swim Club Goals</u>	<u>Coaches Notes</u>
<ol style="list-style-type: none"> Increase attendance at ALL swim meets Focus on internal swim meets to gain official/qualifying times <ul style="list-style-type: none"> 3-4+ for the year First one late November to start summer season Engage Junior swimmers by utilising the JX Qualifying Times / Standards Introduce Learn to Swim to Swim Club experience. Build upon Representative Teams 1 x Away Swim Meet – Whole Team. 	<ol style="list-style-type: none"> Tracking well, 52 swimmers scheduled for metsea and 35 for Cranbrook. Big focus on Relays to assist with parent buy-in to TEAM. I feel we could easily do a better job of this. Having some official club nights coming up, I feel this will be good for the club. 5k Gov grant needs to be used this season. Completely underutilized this season. I believe having the coaches and parents on board this season will be better to get this working. Small intro to LTS, currently around 3-5 LTS members but plan would be to continue building numbers here. Early exposure to the sport will increase performance. We can definitely continue this. Ultimate goal to have all Silver and Gold making state and National Age QTs Not yet utilized!!! It's a shame

2023 Swim Club Goals

- One x Away Travel Meet (Summer?? Or Canberra, at the start of Short Course Season)
- Establish roles and responsibility for parents within the Club.
- Continue to build representatives numbers for both State and Nationals
- Keep Building LTS Members
- Club Championships?
